

ENTOMBED MINERS IN ARGONAUT FOUND DEAD

FORTY SEVEN MEN ARE FOUND BEHIND FLIMSY BULKHEAD LAST NIGHT

Had Made a Vain Effort to Save Their Lives—Bodies Piled on Top of One Another and Had Been Dead Many Days—Mine Officials Say Men's Death Was Painless

(By The Associated Press)
JACKSON, Calif., Sept. 18.—All 47 of the miners entombed in the Argonaut mine since August 27 are dead, it was announced officially shortly before 9 o'clock tonight.

A note found on one of the bodies indicated that all the men had died within five hours of the beginning of the fire August 27, officials said.

All the miners were found behind the second of two bulkheads they had built in a cross cut 4350 feet down in the Argonaut mine. Byron O. Pickard, chief of the federal bureau of mines for this district, was the first man to go behind the bulkhead and he discovered the bodies.

The bodies were found piled one on top of another and decomposition had progressed so far that identification would be impossible, Pickard reported.

The note found read as follows:

"3 A. M., gas bad."

The same note bore a scrawled figure "4" apparently indicating the same man had attempted to leave word for those who might come after, of the condition of the mine at that hour.

LEADERS MAKE PLANS TO MEET HARDING'S VETO

Message on Bonus Bill is Said to be Nearly Completed

(By The Associated Press)

WASHINGTON, Sept. 18.—Veto of the soldier bonus bill by President Harding was expected generally tonight by congressional leaders and administration officials. Some of Harding's advisers said his message practically had been completed and they looked for him to send it to the house tomorrow after discussing it with his cabinet.

Leaders in congress were laying their plans with a veto in mind. In the house it was the intention to defer action until Wednesday to keep a working quorum on hand for disposition tomorrow of important conference reports on other measures. A senate vote might be deferred until Thursday, dependent largely upon the hour of the house vote. Meanwhile, both opponents and proponents were marshalling their forces with indications that the roll call would show the largest attendance of senators in months.

Headed by Hanford McNider, national commander of the American Legion a delegation representing various veterans organizations called at the white house today to make a final request of the president that he sign the bonus measure. Some of the delegation said the president had not stated "whether he would approve the measure" while others had gathered the impression that the executive would veto the bill now before him.

MOTHER HELD ON CHARGES OF SONS

(By The Associated Press)

CHICAGO, Sept. 18.—A mother was held by the police tonight on charges preferred by her two grown up sons while an investigation was begun into the mysterious disappearance of their father from his farm near Stickney, Ill. With the woman Mrs. John Nitti, was held Joseph Padella, a farm hand employed by Nitti. The two were held to the grand jury in bonds of \$2,500 on serious charges.

The two sons, James, 24, and Michael, 21, said their father had disappeared some time ago.

ADJOURNMENT IS TAKEN IN TRIAL AT SOUTH BEND

Testimony in Case Involving Child's Paternity Sensational

(By The Associated Press)

SOUTH BEND, Ind., Sept. 18.—After a hearing of two hours and a half featured by the sensational testimony of Mrs. Augusta Tiernan, who charged Harry Poulin, local clothing man with the paternity of her ten months old child, Judge Chester Ducomb adjourned the case this afternoon until tomorrow morning. Mrs. Tiernan is the wife of John P. Tiernan, Notre Dame law professor.

Mrs. Tiernan plaintiff in the case and star witness for the state was on the stand at the time of the adjournment and was undergoing a rigid cross examination by Samuel Parker chief counsel for Poulin. A crowd which jammed the council chambers of the city hall was on hand long before the hearing began and several women fainted in the rush to get seats.

Mrs. Tiernan, 27 year old wife of the law professor was the cynosure of all eyes when she entered the chamber with her husband and the baby. She seemed to bear up well until just before the hearing began, when she broke under the strain and wept bitterly.

The other principles in the case Professor Tiernan and Poulin sat directly opposite. Poulin surrounded by his attorneys, Parker, Jones and Schwartz, while Tiernan and Prosecutor Floyd Jellison on the opposite side of the table.

Poulin assumed a nonchalant bearing which he maintained thru out the hearing. After the first witness, Mrs. Vera Pinkelinder, a nurse, who had attended Mrs. Tiernan when she gave birth to the child had been questioned by Prosecutor Jellison and the defense had waived examination, Mrs. Tiernan was called to the stand.

After answering the preliminary question in a tone scarcely audible and with her eyes cast down, Mrs. Tiernan in reply to Jellison's questions described in detail the entire course of her alleged illicit romance with Poulin. She told of accompanying Poulin on the night of February 18, 1921, to a place near here. These trips, according to the witness were repeated twice weekly for almost three months.

Mrs. Tiernan said that when she learned she was to become a mother she told Poulin, who she said, at the time admitted the paternity and promised to aid her. Even after this, Mrs. Tiernan declared, the clandestine meetings continued until about two months before the child's birth.

Attorney Parker questioned Mrs. Tiernan closely as to her domestic life with Professor Tiernan.

WOMEN DENIED SEATS BY EPISCOPAL CHURCH

(By The Associated Press)

PORTLAND, Ore., Sept. 18.—Women were denied seats in the house of deputies by the Protestant Episcopal Church in the United States by a vote of that body in general convention today. The vote was taken after a debate in which those who opposed the proposed amendment to the constitution paid tribute to the work and influence of women in the church but made the point that if women were admitted the men would eventually drop out under plea of other business and that the men "would be abandoning their responsibility."

Both houses of the convention today authorized a shortened form of morning and evening service and the holy communion for small churches.

The proposed new title for the communion service introducing the words "divine liturgy" and "the holy eucharist" was formally approved by the bishops.

An echo of the second coming controversy was heard in the house of deputies when the Rev. Dr. M. H. Powell of San Francisco, urging an effort to restore the word second in the prayer for the communion in the burial services. The deputies voted to concur with the action of the prayer book commission and the bishops in eliminating the word.

The Rev. Dr. W. H. VanAllen of Boston today put an amendment to the prayer book to the accompaniment of some mirth in the house of deputies.

CLUB TO MEET TODAY

The Household Science club will meet this afternoon at the country home of Mrs. Homer L. Wood.

DEFER ACTION ON IMPEACHMENT CASE UNTIL DECEMBER

Charges Against Daugherty Will be Tried at That Time

(By The Associated Press)

WASHINGTON, Sept. 18.—By a vote of 8 to 3, the house judiciary committee at a hastily called meeting today, postponed consideration of the Keller impeachment charges against Attorney General Daugherty—set for tomorrow—until the short session of congress beginning in December.

Decision to defer action virtually was reached at a conference of Republican members of the committee earlier in the day at which time it was contended that the hearing should not proceed while Mr. Daugherty was in Chicago in connection with injunction proceedings against striking railway employees the basis for impeachment charges.

Action by the committee with Democrats voting in opposition was taken a short time after Representative Keller, Republican, Minn., who had sought impeachment, had announced that Samuel Undermyer of New York, would represent him before the committee.

Mr. Keller characterized the delay by the committee as "unfair" and later made public a letter from Mr. Undermyer in which he had planned to present at the meeting tomorrow.

Mr. Undermyer wrote that he did not regard Mr. Daugherty's application for the injunction as "an impeachable offense" of itself but believed the "attorney general should be promptly removed from his office" on the ground of "unwillingness or inability to enforce the anti-trust laws, in which his action and non-action have reached the proportion of a great public scandal resulting in immediate harm to the country."

Mr. Undermyer said that in common "with almost every lawyer, I stand simply aghast at the terms of the injunction order in the railroad case."

"On its face," he said, "it seems to me in direct violation of the rule laid down by the circuit court of appeals for the seventh circuit in the West Virginia miners case and by the United States supreme court in other cases. If I rightfully understand the case the acts of Mr. Daugherty in taking the case before the judge who was recently appointed by him was to say the least so indelicate that I believe it will meet with the severe censure of the bench and bar."

Mr. Keller in a statement, said he regarded it as amazing that having insisted only last Saturday that "an adjournment until Thursday of this week would be unfair to Attorney General Daugherty—that between Saturday and Monday they (the committee) concluded it would be unfair to Attorney General Daugherty if they did not postpone the hearing until December."

OFFICER THINKS DINELLO KILLED ANOTHER DAUGHTER

Eldest Daughter Disappeared Three Years Ago it is Alleged

(By The Associated Press)

KANSAS CITY, Mo., Sept. 18.—Chief of police Zimmer of Kansas City, Mo., today announced new threads of evidence strengthening his belief that Tony Dinello, confessed slayer of his two small daughters, Flora and Helen also killed Julia, eldest daughter who disappeared three years ago. Chief Zimmer received today a detailed account of the finding of a woman's body in the Missouri river three years ago by a bridge watchman. The body was in a gunny sack, the same as the two little girls whom Dinello confessed to slaying and throwing in the river. The report stated the body was that of a girl between 15 and 16 years old. The description according to Zimmer fits Julia.

Dinello's wife and three remaining children, Angelina, Albert and Ernest have disappeared from their shack under the viaduct in the west bottoms.

Chief Zimmer said that presumably they had left because annoyed by the curious gaze of hundreds of persons.

JEWELL TO CONFER

WITH N. Y. C. PRESIDENT
New York, Sept. 18.—Bert M. Jewell, head of the railway employees division of the American Federation of Labor arrived tonight from Chicago and said he expected to confer with President A. H. Smith of the New York Central Lines with a view to resuming negotiations between the New York Central and its striking shop men which were suspended last Saturday.

MANY WITNESSES HEARD BY GRAND JURY AT MARION

Rumored Thirty More Indictments Will be Returned

(By The Associated Press)

MARION, Ill., Sept. 18.—Approximately 40 witnesses testified today before the special grand jury investigating the Herrin mine killings, which reconvened after a recess of nine days. Five or six of the persons have been recalled for further questioning tomorrow. With 72 indictments voted by the body against 33 persons, it was rumored about the county court house that 30 additional indictments will be returned before the grand jury ends the investigation the last of this week.

The grand jury is expected to take up the cases of three union coal miners who died as a result of the mine disorders, before it completes its investigation probably Wednesday. Nineteen non-union workers of the Lester strip mine also were killed in the rioting.

If members of the miners' union are asked to testify it is believed they will refuse on the ground that to do so would incriminate them. One of the miners' attorneys said tonight that such testimony would be stepping into a trap as it would open the way for additional indictments for rioting and conspiracy.

Attorneys for the United Mine Workers have filed petitions for the release on bail of all the men indicted in connection with the mine killings. The attorneys made the request for all of the 28 men held in the local jail, whether they are members of the union or not.

Hugh Willis, Illinois member of the international board of the miners' organization stated that the men in jail were being well cared for. He also said that the families of the men are being provided for by the Illinois Miners' Union and that the union would continue to care for the indicted men's families as long as necessary. Twelve indicted persons are still at large.

After today's session authorities in charge of the prosecution indicated that the report of the grand jury would be in shape for delivery to the court by the end of the week. More than one hundred witnesses remain to be heard by the body. It is not expected that the special grand jury will inquire into the lesser offenses committed in connection with the mine disorders but will leave this matter in the hands of the regular inquisitorial body which convenes Monday.

TWO BEATEN IN ZION RELIGIOUS OUTBREAKS

(By The Associated Press)

CHICAGO, Sept. 18.—Two men were beaten in the Zion City religious outbreak today, one of them being taken to a hospital. Henry Sine, an "Independent" worshipper opposed to Overseer Wilbur Glenn Voliva, of Zion, who was attacked by a crowd of men, later accused a follower of Voliva of leading the attack.

H. G. Darrow, accused by the "Independents" as the leader of a band that attacked an Independent, was waylaid and beaten into unconsciousness. He was removed to a hospital, where it was said his injuries were serious.

The outbreaks have resulted according to the Independents from the efforts of Voliva followers to drive them out of the city.

MUNICIPAL RAILWAYS CONDITION IMPROVES

Detroit, Mich., Sept. 18.—The report on the earnings of the Detroit Municipal Street System for August issued today by City Comptroller Steffens shows an increase in passenger revenues, a decrease in operating expenses and an increase in service in comparison with the July report. Operating expenses were decreased \$6,171.49 from the July figure, although the system operated 112,509.03 car miles more in August than July.

ENGLEWOOD NIGHT SCHOOL

CHICAGO, Sept. 18.—Four thousand students from working boys 16 to mothers, 40—crowded class rooms of Englewood high school tonight for the opening of Chicago's first complete high school night course.

The new night school is one of two or three in the United States to offer four years of high school study with a diploma and an accredited university standing. Eighty-five teachers opened classes held two hours a night, four nights a week.

BELIEVE FORMER MINISTER FLED TO ESCAPE HIS WIFE

Preacher Charged With Embezzlement and Wife Desertion

(By The Associated Press)

MALESTER, Okla., Sept. 18.—J. C. Trotter, former Methodist minister who escaped from the county jail here last night by sawing the bars of his cell and descending a smoke stack fled rather than face his wife, is the belief of officials.

Trotter is charged with embezzling funds of the Brooks Institute of Hartshorn, near here of which he was financial agent and also is charged with wife desertion.

"If you come back to prosecute me I will commit suicide," Trotter is said to have written to his wife at Chattanooga, Tenn.

Mrs. Trotter was here last Friday to appear as a witness against her husband it is said. Trotter was arrested with Miss Audrey Campbell, head nurse of Brooks Institute at Eufaula, Oklahoma, a month ago. Both were charged with embezzlement but after an investigation Miss Campbell was released. She avowed her love for the minister.

Another woman last week sent Trotter a letter containing \$100 to use in employing an attorney. According to jail officials she was permitted to see Trotter in his cell Saturday. Officials expressed the belief that the woman might have smuggled a saw to the minister. Sheriff's deputies had been unsuccessful in their search here tonight. No trace has been found of Trotter.

POLICE TRYING TO LOCATE SCENE OF DOUBLE KILLING

Follow Many Clues, But Result So Far is Unsuccessful

(By The Associated Press)

NEW BRUNSWICK, N. J., Sept. 18.—Unsuccessful search among many clues and conflicting details was made today by detective staffs of two counties, the local police and seven state police to establish definitely the scene of the shooting to death last Thursday night of the Rev. Edward Hall, rector of the Protestant Episcopal church of St. John the Evangelist and Mrs. James Mills, wife of the sexton and a choir leader in the church.

The bodies of the two, bearing bullet wounds were found side by side on a Saturday in an old orchard. Authorities of Somerset have expressed the belief that the two had been shot, where the bodies were found.

Discovery today of four witnesses residing in the vicinity of the field, who reported hearing screams and gun shots on Thursday night has strengthened the belief that the shootings occurred in the rustic setting where the bodies were found.

Henry McCabe, a bridge tender told the police that on Thursday night shortly before midnight, he was awakened by screams. He said that he called his wife and that they listened together until the screams grew fainter and fainter.

The next morning they asked Mrs. Henry Waters, a neighbor. He said she had heard the screams. Mrs. Waters said she had not, but had been awakened by reports of four gunshots.

Otto Kaufmann, a butcher's boy also told police he had heard gunshots. He said he had been separated from the last three by a considerable interval. Mrs. Mills was shot once between the eyes. The rector's body bore four bullet wounds.

MESSAGE SENT TO NEW ZEALAND

LONDON, Sept. 18.—Prime Minister Lloyd George at the close of the cabinet meeting this evening sent a message of thanks to the prime ministers of Australia and New Zealand for their prompt response to the call for cooperation in the present Turkish situation. It was stated tonight.

The message said: "Your prompt response to our inquiry to resist any threat against the freedom of the straits and the sanctity of the Gallipoli peninsula, has been received with enthusiasm. The empire cannot consent to sacrifice the results of the gallant struggle and final victory which its sons won in the eastern theatre of the war."

MORE THAN THIRD OF EVIDENCE RULED OUT BY WILKERSON

Attorneys for the Striking Railway Shop Crafts Gain Big Victory in the Injunction Suit Now Being Heard—Daugherty is Expected Today to Take Personal Charge

(By The Associated Press)

CHICAGO, Sept. 18.—More than one-third in volume of the government's evidence in its injunction suit against the striking railway shop crafts was ruled out today when Judge James H. Wilkerson upheld the contention of the defense that 283 affidavits recounting violence at the hands of supposed strikers failed to show the persons making them knew they were to be used in court.

At one swoop attorneys for B. M. Jewell and John Scott, strike leaders, thus disposed of a large part of the slightly less than 700 affidavits on which the government based its claim of unlawful conspiracy to destroy interstate commerce.

The defense objection to the 283 exhibits were based on the grounds that, as the affidavits did not show the persons making them knew they were to be used in court, it was evident that they did not know they were subject to the laws governing perjury when they swore to the allegations.

Government attorneys tonight are considering having at least part of the exhibits resworn in order that they may be resubmitted.

Attorney General Daugherty is expected to reach Chicago tomorrow morning to take personal charge of the case again. The defense victory followed two earlier defeats for the striker leaders' attorneys. Donald Richberg opening the defense case again moved that the government's bill be dismissed but the court overruled him. He then moved that all of the affidavits detailing acts of violence be stricken out but was again overruled.

BUT FEW OUTBREAKS REPORTED AS UNION SHOPMEN GO TO WORK

Officials Say That Forces Are Now About 85 Per Cent Normal

(By The Associated Press)

CHICAGO, Sept. 18.—Threats against non-union workers but few outbreaks were reported today as several more railroads put into effect the shop craft peace plan and as the number of men employed on other roads increased so that it is estimated that shop forces are about 85 percent normal. Officials of both the Chicago, Milwaukee & St. Paul and the Northwestern announced that the striking shopmen returned to work by the thousands today and without any signs of violence.

J. E. Gorman, president of the Rock Island railroad announced that no further negotiations will be carried on by that railroad with the officers of the shop craft but that an Association of Rock Island shop employees, is being formed by those now in the service with whom future negotiations will be conducted.

Mr. Gorman said that the former employees now on strike will be given an opportunity to join the new association and will be restored to their full paid pension privileges but will not be given their old places on the seniority list. Striking employees of the road were given until October 1 to re-enter the service in order to obtain pension benefits. The executives of some of the roads that have held off from the shop craft settlement plan asserted today that the efforts of B. M. Jewell, president of the shop crafts organization have narrowed down to a fight to get jobs for the men he called out July 1.

Efforts of the Democrats to get the bill back into conference to limit the authority of the president in the matter of proclaiming American valuation failed, Senator Cummins, Iowa, president pro tempore overruling a point of order that the conferees had exceeded their authority in broadening the powers of the president so as to permit of American valuation on other than coal tar products.

An appeal was taken from Senator Cummins' ruling, but the chair was sustained on a vote of 43 to 21.

SWEDISH BAPTISTS TO MEET IN BROOKLYN

(By The Associated Press)

CHICAGO, Sept. 18.—Brooklyn, N. Y., probably will be the next meeting place of the next annual conference of the Swedish Baptist church of America. It was announced at the close of the forty third annual session. Rev. Fredrick Linden of Chicago, was selected to head the missionary board for the coming year. Dr. Frank Peterson, of Minneapolis, Minn., was chosen president of the educational committee.

Representatives will be chosen by the trustees to attend the tercentenary exposition at Gothenburg, Sweden, and the Stockholm Baptist World Alliance this year it was announced.

A THOUGHT

Despite their heroic efforts the rescuers at the Argonaut mine did not penetrate its walls in time to save their comrades from death. Sorrow will be widespread for the wives and children of those miners who perished.

Buried alive, somehow that is the most dreadful death of all and it is ghastly to even think of the agony of men slowly giving way to the attack of foul air, in semi-conscious condition waiting thru long hours and days for the inevitable end. The peril of underground work is impressed again and those who engage in it no matter how humble, are entitled to a large mead of honor.

It is an advisable thing for the city council to suggest that the Chamber of Commerce name a committee for joint consideration of the traffic problems which press for solution. The best way to handle the situation cannot be worked out in a day or week. It requires more time, a study of needs and conditions here and how such needs and conditions have been met in other cities.

There must be some changes in the traffic law and then the law must be rigidly enforced. It will not do to simply banish cars

from certain areas. As a matter of business space must be provided elsewhere. Then there is the safety of pedestrians which must be taken into account and their rights must receive due consideration at the same time that matters relating to car drivers are in mind.

HUGE EXPORT CREDITS

Senator Hitchcock, who is running for re-election in Nebraska, supports the New York World in the assertion that what this country needs is greater export credits. Mr. Hitchcock can find that in the year 1921 the United States extended export credit to the amount of \$2,900,000,000; in the year 1920 the export credit amounted to nearly \$2,900,000,000; in 1919 it aggregated \$4,100,000,000.

Then if Mr. Hitchcock will turn to the first page of statistics of foreign commerce for the fiscal year ended June 30, 1922, as published by the Department of Commerce, he will find another export credit of \$1,000,000,000. We have given all these figures in round numbers. They show a total export credit of \$10,900,000,000 so far as merchandise trade is concerned, and this is counterbalanced by gold payments of \$740,000,000 in the same period, making a net export credit of more than \$10,000,000,000. If an aggregate export credit of ten billions since the close of the war is not some credit, how much does Senator Hitchcock think the people of this country should sell to the rest of the world on credit, especially since Hitchcock and his friends are telling us of the inability of some foreign countries to pay their debts?

WHY MEN FAIL IN BUSINESS

"Men fail largely for three reasons," declares Dr. James M. Fitzgerald, vocational counselor who has placed 16,000 persons in their right jobs. Writing in Forbes Magazine he says: "First, they cannot analyze

themselves correctly, nor are their parents or teachers able to do so. "Second, men do not form logical plans of procedure. "Third, they lack self-confidence and continuity of purpose. "Rivet these things accurately for a man and success is inevitable.

"The failures that we make in life, the failures that we make in business are largely fundamental, inherent in the individual; that is to say, lack of understanding of himself, some weakness in his character, some physical disability or weakness, something deficient in his temperament, or an imbalance in his personality, are the causes for those failures.

"More than 40 per cent of the failures in business are due to men's inefficiency and misdirected selections of their vocations, or to faulty education for their business. This should challenge the strong, clean-cut, high-thinking type of business man."

MILK PRODUCERS TE REORGANIZE

CHICAGO.—The plan under which the organized Chicago Milk Producers Cooperative Marketing Company will operate is unique in that the net proceeds from sales will be separated into four funds, according to the kind of product marketed. E. B. Heaton, director of marketing for the American Farm Bureau Federation, said recently, Mr. Heaton appointed the committee of nine which devised the new plan.

Under the new plan, there are four pools within a pool, said Mr. Heaton. Most cooperative milk marketing organizations lump the proceeds from all products together and average the price among all the producers. This was thought unfair to the producer of fluid milk, whose product brings the highest return. Accordingly, proceeds from sales will be placed in their respective separate funds, namely, the fluid milk fund, the condensed milk fund, the cheese fund and the butter fund.

The only plan resembling this is that in force at St. Paul and Minneapolis, which provides for a fluid milk fund and a butter fund. The contract to be carried out in Chicago district is the only one of the kind which provides for four funds. Under both plans, however, the producer of fluid milk will draw a higher return than the producer of the manufactured product.

The company is prepared to enter the field of wholesale distribution extensively if it can fit.

EXPLORER SAYS NORTH POLE EASILY ACCESSIBLE

LONDON.—By The A. P.—Modern airships of the German type could make the trip from London to the North Pole, a distance of 4,600 miles, within a week, says Major Richard Carr, aerial expert of the Shackleton Antarctic Expedition. Fuel for the entire distance could be carried, and no landings need be made.

"I am fully convinced that we have left far behind the old-fashioned methods, and that in future polar expeditions, will be done by aircraft during the summer months," Major Carr continues. "Very few persons realize how mild the Arctic and Antarctic summers really are, and the wonderful improvement in aircraft."

Major Carr made important observations on flying conditions in the Antarctic. "During the seven weeks we were in the ice," he says, "the lowest temperature recorded was 5 degrees Fahrenheit and the average approximately 20 degrees. The wind average was eight to 10 miles an hour, and the air and sky were wonderfully clear. So clear was the air that mirage was very frequent. We had more than 300 perfect flying hours.

The Most Abused Word
in the English Language

The word "Quality"—it is like a railroad ticket. Anybody can use it. And, like the ticket, you can't get any place without it.

But, "Quality" expresses the class of tailored-to-measure Suits and Overcoats which this shop turns out, and so long as there is no better word in the English language to express the superior material and workmanship that we put into these garments, at the price, we'll just continue to claim, and to prove "Quality."

TOM MIX
—IN—
'The Fighting Streak'

"The Fighting Streak" is a title that can be interpreted in several different ways. But every one of them connotes abundant action and entertainment—especially in conjunction with the name of Tom Mix. In this instance it is a story of a brawny young blacksmith in a small western town who is forced by taunts and circumstances to show the fighting streak within him, after vainly trying to avoid trouble because of his promise to a dying mother. When he finally does "see red" and opens up on his bullying tormentors, the result is disastrous for them and sends him off into the hills as an outlaw with a price upon his head.

But there comes the saving power of a beautiful girl and another startling twist to the story which it is declared will delight every photoplay fan.

RETURNS FROM VERY
INTERESTING TRIP

Stanley I. Davis has returned to Jacksonville after eight weeks of travel which took him to New York, then into Northern states and more recently into Colorado and Utah. Mr. Davis represents the Arlington Chemical Co., and his mission in the west was to collect the pollen of certain plants for his firm.

In company with a botanist of the University of Colorado he collected pollen from Mountain Flora and with the assistance of the botanist of the University of Utah carried on a like work in that state.

The pollen collected in the west was particularly for use in connection with hay fever cases. It is Mr. Davis' work to gather some of the plants and flowers there to secure a drying room where other plants and flowers can be sent in for the drying process. All of the work is done in conjunction with university scientists, so that there can be no question as to the source of the pollen collected.

MAKING PLANS FOR
SALE OF CHRISTMAS SEALS

Dr. Josephine Milligan, Dr. Grace Dewey and Mrs. A. L. Adams as representatives of the Tuberculosis society, were in Springfield yesterday for a conference with state officials with reference to the work of the society there.

The principal purpose of the visit was to make the preliminary arrangements for the sale of Christmas seals. An active campaign for seal sale was not carried out last year, but it will be different this year, as the fund is necessary for furnishing food for the open air school and also for the employment of a nurse. The fund will be used to supplement the amount raised by the \$1 fee for society membership. It is hoped that all old members and many new ones can be enrolled.

MINISTERS HELD MONDAY CONFERENCE

At a meeting of the Jacksonville Ministerial association held at Grace M. E. church Monday plans for the annual reception of the students of the High school and colleges of the city were formulated.

It was voted to hold receptions in the various churches on the evening of September 28. President T. H. Tull and Vice President George E. Stickney of the association will on Wednesday attend chapel exercises at both colleges and give the students a personal invitation to attend the reception.

The regular schedule of the ministerial association will not open until October 2. The association decided today to hold a union meeting the first two weeks in next March. The importance of these union meetings is made apparent by the advance notice given them. The meeting will rotate to the various churches participating. After these union meetings each pastor will conduct a two weeks' pre-Easter service in their respective churches.

C. E. Williamson, treasurer of the Sunday evening services held thru the summer reported the sum of \$39.57 in the treasury and this sum will be held for similar purposes next summer. The ministers of the association announced that on October 29 each would talk on the subject of "Prohibition and Law Enforcement."

DOES NOT BELIEVE IN KU KLUX METHODS

Dr. Thomas Smith Discussed Aims and Purposes of Secret Organization Which Now Has New Prominence.

At Westminster church Sunday night Dr. Thomas Smith had a large audience present to hear his discussion of the question "Do We Need the Ku Klux Klan?" The minister took two texts, "I have spoken openly to the world and in secret spake I nothing," and "Have no fellowship with the unfruitful works of darkness," but rather even reveal them."

Dr. Smith discussed in a rational way and expressed the view that the Klan movement is unnecessary, and that its appeal is not 100 per cent American as it claims to be. He reviewed briefly the history of the Ku Klux Klan as organized in Tennessee in 1865 setting forth that the organization originally purposed the protection of the weak and innocent, relief of injured and oppressed, the giving of assistance to the government in executing constitutional laws and, further, that there were other good aims. Then he quoted history to show that it was not long until the organization turned to lawless ways and many crimes were committed by its members.

Dr. Smith said that the revival of the Klan organization in the present day seems to be based upon four apprehensions. First, that the Catholic church is steadily plotting and gaining power in state and national politics. Number Two, That vast masses of foreign born voters will be made the tools of demagogues and labor leaders to the overthrow of our finest American leadership. Number Three, That the negro race by its rapid multiplying power is seeking to dominate the Caucasian race and must be kept in its place. Number Four, The many obstacles in the way of bringing criminals to justice and the loopholes for their escape.

Methods Questioned.
After showing that these four apprehensions are set forth in Klan literature Dr. Smith raised various questions as to the methods of the Klan and the need for such an organization as shown in its own literature. He said, "Now the first warning I would raise is as to the method of secrecy itself. It is so difficult to organize public sentiment and secure public action that honest men have to resort to the methods of the burglar and the highwayman."

"The second warning is as to the Klan and religious hatreds. To penalize or intimidate men because of their religious faith is a poor way to practice the Christian religion. It foments divisions and cleavages in many communities. The imperial wizard of the Ku Klux Klan says 'We exclude Jews because they do not believe in the Christian religion. We exclude Catholics because they owe allegiance to an institution that is foreign to the government of the United States.'"

"This exclusive Klan therefore leaves America a free country for all except Roman Catholics, Jews, Negroes, persons born in foreign countries and liberal minded Americans."

"For hundreds of years Protestants have gloried in freedom of discussion and publicity and prayer and Christian persuasion. What now do ministers mean by endorsing tar and feather treatment applied by night by masked inquisitors. Can such brutality change any man's convictions."

Turn On Light.
"There is only one way of fighting darkness and the schemes of bigotry, and that is by turning on the light. The deadliest foe of the inquisition was schools and the open Bible."

"The Klan movement throws communities into bitter factions. Jew vs. Gentile; Protestant against Catholic; white against black. Slanders, suspicions, discord grow in a vast crop. We know that every progressive community requires the spirit of co-operation. Today men of every religion and every race must unite to bring in higher civic righteousness here in Illinois."

"The Klan movement weakens our faith in our democratic government. If democracy cannot elect executives and courts that will uphold and enforce law and protect the innocent our nation can never be saved by self-constituted tribunals that work in the dark. This 'invisible empire' claiming to be 100 per cent American flouts the Constitution."

"Such a type of 100 per cent Americanism is bound to breed discord and paralyze public enterprise and commercial achievement that can be brought about only by the loyalty of united communities."

AMERICAN TOURISTS GET FILL OF EUROPE

Are Disgusted With Difficulties of Passports and Customs Regulations—Some of Them May See Own Country Next Year.

Oldenzaal, Holland—By The Associated Press.—"It isn't the same old Europe. I am going to stay at home next summer," a tired, middle-aged American woman exclaimed after she had finished the three-hour endurance test necessary to work thru the customs and passport control at Bentheim, Germany, and had finally filtered thru the Dutch control at Oldenzaal and found a place in the train bound for The Hague.

"I am used to travelling. I know enough German and French to take care of language difficulties, but this post-war passport and customs business is too much for me," the woman continued. "I have been in Italy, Yugoslavia, Austria, Czechoslovakia, Batavia, France and Germany since May, and my nerves are all frayed out by border annoyances. Travel in Europe isn't pleasure any more. It's an endless chase for visas and police papers and a battle royal with border officials, usually at three o'clock in the morning, and this year it has generally been in the rain."

The Bentheim and Oldenzaal frontier is neither any worse nor any better than most of the other crossings into Germany. Travelers to and from Denmark, Switzerland, Poland, France and Czechoslovakia, have much the same struggle that takes place daily on this border. Belgium is the only country in Western Europe which has waived all passport regulations and is apparently striving to make the life of tourists easier.

So a description of this American woman's experience in making her way from Germany into Holland is typical of what travelers encounter at nearly every boundary, and boundaries have been created with amazing speed since the world was last in peace.

To begin with, this American woman put in half a day in Berlin checking herself out with the police, and obtaining a Dutch visa, and she had to do this personally. It was not possible to have a commissioner from the hotel attend to these formalities. Also she had to delay her departure for two days because it was impossible to get sleeping accommodations and if she had taken a day train the struggle with customs and passport control would have been at night, an ordeal which experience in Southern Europe had taught her to avoid if possible.

At Bentheim all the passengers were ordered out of the train with their luggage and slowly filtered thru a passport control. Then they submitted their hand luggage to examiners and were passed one by one thru a closed booth where inspectors asked them how much money they had. In some cases they made personal search of the passengers. Passengers then opened their checked luggage which was all unloaded in the station. They were then passed thru another control to make sure that their hand luggage all bore inspectors' stamps, and were permitted to enter a crowded waiting room where there were not seats enough for one-tenth of the travelers. After a delay of nearly two hours, and lengthy discussions with women who were charged with having purchased new wearing apparel in Germany, all the passengers for the Dutch trains were admitted into the stifling waiting room. The doors were then thrown open and the passengers allowed to re-enter the train.

Many Examinations.
Fifteen minutes away, at this place, the performance was much the same. Again all the luggage and passengers were unloaded and queues moved slowly thru the customs station. Dutch passport officials examine passengers' paper on the trains and save much time in that way. But it took an hour to get thru the luggage.

Three hours in all elapsed between the stop at Bentheim and the resumption of the trip, and most of the passengers stood all time. The search of men's baggage seemed to be chiefly for tobacco or cigarettes. At least that was what the inspectors asked about particularly. The luggage of men apparently yielded little contraband and was searched far less diligently than that of the women.

All gowns, coats, evening wraps and other wearing apparel which looked new was taken out of trunks and bags and submitted to special inspectors who questioned the owners minutely about their purchases. In many cases duty was charged when the owners could not establish that their clothing was purchased outside of Germany.

American tourists are very much annoyed by the \$10 visa fee which European countries impose on Americans in retaliation for the charge made by the United States.

The weary American woman at Oldenzaal mentioned this: "This worst of it all is that one can't complain about the ridiculous passport charges. We know that Americans deserve to be given a dose of our own medicine. But there is one congressman in New Jersey who will get a fine piece of my mind when I reach home. The high charges initiated by the United States have made the passport business so profitable in many of the smaller European countries that bureaucracy has been built up about passport offices which can't be broken down very easily. And we American tourists pay the bill and suffer for the inconvenience. I should like to see every member of congress who voted for this \$10 fee forced to go thru all I have gone

thru since May in this 'passport business.'

"I personally can afford the money, but there are a lot of teachers and other working women who came over here to see the 'Passion Play' this year who had to curtail their trip because of the heavy passport fees. It is pretty mean for our government to run the State Department at the expense of women of that sort. Fortunately they all have a vote now and Congress will hear from them."

HAS CHARGE OF

ROCK ISLAND ARSENAL

Rock Island, Ill.—By The A. P.—The man who designed, organized and built the ordnance repair shops for the entire American expeditionary force in France during the World War is now in command of the Rock Island arsenal here.

He is Col. David Matson King. He was awarded the Distinguished Service Medal by the United States government in May 1919 and the Legion of Honor by the French Government in April, 1918.

The present valuation of the properties over which Col. King has control is \$359,288,550. The land on which the arsenal is situated was obtained by a treaty from the Sacs and Fox Indians which was concluded by William Henry Harrison in 1804.

Up to the time of America's entrance in the World War, the arsenal was spending \$350,000 a month. During the war the expenditures exceeded \$3,000,000 a month.

Most of these records are Red Seal double records. The new addition is prized by the patients at Oak Lawn who may now enjoy the reproduction of many of the noted artists who contribute to record makers.

STUDENTS VOTING

ON CLASS CANDIDATES

Students of the Jacksonville High school were naming candidates for the different class officers yesterday. This brought considerable rivalry. The checking up of the ballots will be completed by this morning and the announcement of the successful candidates will be made at the assembly hour this morning.

TRAFFIC PROBLEMS BEFORE CITY COUNCIL

Chamber of Commerce Asked to
Name Committee to Study
Traffic—May Heat City Build-
ing With Oil.

The city council last night
asked the Chamber of Commerce
to appoint a traffic committee to
join with the council in study of
traffic conditions and relief. It is
recognized that the traffic prob-
lem is one of many difficulties
and that it faces this city just as
it does practically every other
city of equal size or larger.

The council met in regular ses-
sion with Mayor Crabtree, City
Clerk Scott and all aldermen
present. Alderman Sorrells re-
ported the completion of side-
walks on Chambers, Lorton and
Wolcott streets. The same alder-
man made a report favorable to
the installation of an oil burner
in the city building.

The bid of Hieronymus Bros.,
for \$545 for installation was
quoted. The matter was referred
to a committee for action. In ad-
dition to fuel costs the city now
pays a considerable sum for jan-
itor service for the firing of the
furnace, which would be done
away with if oil was used for fuel.
Alderman Flynn said that com-
plaint had been made because
the Railway & Light Co., was
making use of Illinois avenue for
the transfer of coal cars to its
tracks. The council indicated that
it is in sympathy with the coal
hauling by rail plan in order to
save city pavements, but a com-
mittee was appointed to confer
with Mr. Gray and learn just
what use of Illinois avenue is com-
peted.

The committee appointed in-
cludes Mayor Crabtree, Aldermen
Loungeran, Sorrells and Harmon.

The difficulties of the traffic
problem were mentioned by Al-
derman Chapin and it was on mo-
tion of Alderman Flynn, with a
second by Alderman Harmon that
the council suggested the naming
of a Chamber of Commerce com-
mittee to join with the council in
studying conditions and sugges-
tions remedying them. When side-
streets like Morgan and Court
streets have cars on both sides
two other cars cannot pass. This
is merely one of many difficulties
that are presented with the
present congestion.

After some informal discussion
of this matter the council
adjourned.

DEATHS

at Nichols park Sunday, with
thirty-four present, being the
children and grandchildren of
Mrs. Elinor Dahman of Concord.
The youngest representative of
the family present was three
months of age, while the oldest
was past seventy-four years of
age.

At noon an elaborate dinner
was served and in the afternoon
refreshments of ice cream and
cake were enjoyed. All present
found the occasion a most pleas-
ant one and it will long be re-
membered by all.

The company included Herman
Dahman and family of Franklin;
William Dahman and family,
Prentice; Mr. and Mrs. Chris Dah-
man of Alexander; Mr. and Mrs.
John Dahman and family, Win-
chester; Mr. and Mrs. Lloyd Dah-

Kinison will enter Illinois college.

Little Julia Edmonson, daugh-
ter of Mr. and Mrs. James Ed-
monson, fell from a hay wagon
Friday and broke her right arm.
The little girl is now getting
along as well as could be expected
and was able to be down town
Monday.

Mrs. David Hainsfurther and
daughter, Miss Virginia, left Mon-
day for Nashville, Tenn., where
Miss Hainsfurther will enter
Ward Belmont school.

Charles Hieronymus arrived
home Sunday from a visit of three
months with relatives in Ger-
many. He visited many places of
interest during his absence and
found the trip one of very great
pleasure.

The first meeting of the Wom-
an's club assembly for the fall
months was held Monday after-
noon at 2:30 o'clock at the Meth-
odist church. It was president's
day and the program was one of
special interest. Miss Eula
Priest of Jacksonville gave a
group of readings which met with
great favor on the part of the
company. The address of the af-
ternoon was made by Dr. R. V.
Brokaw, Morgan county health
officer, who discussed in an in-
forming way the full time health
program which is now being car-

ASSOCIATED PRESS MEN HELD ANNUAL MEETING

Earl Nolan of Quincy Named
President for Current Year—
Principal Address Made by
Rev. M. L. Pontius.

More than 50 members of the
Associated Press Good Fellow-
ship club attended the annual
meeting here Sunday. An in-
formal business session was held
at 11 o'clock in the morning and
dinner was served at 1 o'clock at
the Pacific hotel.

The invocation was by Rev. M.
L. Pontius and then an excellent
chicken dinner was served. W.
L. Fay served as chairman and
toastmaster and expressed the
good fortune of the committee in
securing Mrs. A. B. Gregory for
a group of songs. Mrs. Gregory's
accompanist was Willard Wesner
and the pressmen were delighted
with the brief musical program.

Mayor E. E. Crabtree on behalf
of Jacksonville and told briefly
of some of the things of which
Jacksonville citizens are proud.

The toastmaster next intro-
duced H. L. Dunn, division traffic
chief of the Associated Press,
who gave some interesting facts
about the growth of the organi-
zation, which now serves 1,300
papers by comparison with 600
less than 10 years ago. Mr.
Dunn also told of the great in-
crease in wire mileage that has
come within the past eighteen
months and gave further inter-
esting information with reference
to the trunk lines and circuits
that the Associated Press oper-
ates.

Associated Press Ideas.
The principal address was de-
livered by Rev. M. L. Pontius,
who was heard with great pleas-
ure by the members of the club.
Mr. Pontius briefly sketched the
history of the Associated Press
and commented upon its ideals.
He said that any one familiar
with the organization realized
that it first emphasized facts. He
said that fairness is only given a
secondary place in the Associat-
ed Press creed and that the third
qualification for a representative
is to get the news.

Then during the discussion of
ideals in life, Mr. Pontius touch-
ed upon those who have merely
the decorative idea and so do not
get far below the surface. The
second classification was those
who have the marketable idea
and whose great aim in life is
to achieve a position or business
where the monetary profits are
large.

Then the speaker contrasted in
most eloquent way the possibili-
ties of achievement that come to
those who have the creative ideal.
That is a field which brings not
only intellectual satisfaction but
leads also to great possibilities of
service to mankind, and yet there
are chances for business success.

The address was replete with
anecdotes calculated to impress
the main points that the speaker
wished to "put over," and the
assembly found it an address full
of inspiration.

J. B. Jeffries, publisher of the
Hannibal Courier Post, spoke in-
formally, laying emphasis upon
the excellence of the Associated
Press service and the loyalty of
its employees. Like other speak-
ers, he said that the Associated
Press affords the strongest proof
of the possibilities that come with
co-operative action.

This concluded the program
and the remaining hours of the
afternoon were spent in visiting
various places of interest around
the city.

Officers Named

The business meeting was
called to order at 11 o'clock in
the rooms of the chamber of com-
merce. Various matter regard-
ing the service were considered
at this meeting. The operators
were asked to make any sugges-
tions so that the wire chiefs
could make any improvements
needed. From various talks it
was brought out that con-
cerned were co-operating in a
very satisfactory manner.

The resolutions committee
composed of A. L. Taylor, Jack-
sonville, Earl Nolan of Quincy
and J. W. Swift of Bloomington
submitted a resolution thanking
Jacksonville Chamber of Com-
merce for the excellent dinner
served; Mrs. A. R. Gregory and
Willard Wesner for the musical
program and Rev. M. L. Pontius
for his splendid address. The
resolution was adopted unani-
mously.

The following were elected of-
ficers for the ensuing year:

President, Earl Nolan, Quincy;
vice president, Leon Dille, Peoria;
secretary, Raymond F. Platt,
Decatur; and treasurer, G. S.
Hubbard, Rock Island.

The board of directors elected:
C. E. Barber, Chicago, represent-
ing the American Telephone and
Telegraph company; L. C. Swartz
Springfield, representing the tele-
graph editors; Otto Domke, Jack-
sonville, representing the tele-
phone wire chiefs, and N. I. Zeff,
Decatur, representing the Associ-
ated Press.

YANKS and LEGIONAIRES

Forceful Facts Concerning the Interests of Former Soldiers, Sailors and Marines.

Officers and enlisted men in the United States army or navy are permitted to hold public office. "Marsellaise," the great national song of the French Republic, is called "the firewater of France."

A general of the United States army receives \$1125 a month, a major general \$666.67, and a brigadier general, \$500.

The American Legion in Pennsylvania has aided in the relief of more than 4000 disabled former soldiers during the past year.

England is said to be treating its war veterans better than any country in Europe. They are also spending the most money.

Germany now owes \$230,000,000 to the United States Government for the maintenance of the American army on the Rhine.

In France war veterans are permitted to ride in trains for a fourth of the regular fare, and must be provided with a seat while traveling.

A bill to authorize sale of surplus army and navy supplies to the Boy Scouts of America in small quantities was passed recently by the House, in Washington, D. C.

There are now 570,570 former service men of the United States army carrying Government insurance. The value of the policies amounts to more than \$1,194,000,000.

Of the 26,364 former service men now receiving hospital treatment in care of the Veterans' Bureau, 10,779 are tuberculosis patients, 8897 neuro-psychiatric and 6688 general and surgical cases.

During the 19 months of service during the World War the contracts for pay to enlisted men were: United States, \$570; Great Britain, \$138.30; Italy, \$53.06; France, \$27.55, and Russia \$7.41.

Realizing that the disabled men and widows of soldiers in Germany could not live solely on the compensation grants, the Government finds employment for every wounded man not totally disabled.

A State service medal is issued to all honorably discharged veterans of Oregon and also to other persons of any Allied army who at the time of entering service were and now are residents of that State.

Of the 236,000 women in England who receive pensions from the Government because their husbands fell in the World War, 74,000 have remarried. These women are marrying at the average rate of 1000 a month. Pensions cease on remarriage, but a gratuity of one year's pensions is allowed.

To aid in the operation of their posts and the organization as a whole on all matters of interest 11 past commanders of American Legion posts in San Francisco, Calif., have formed a private association of their own. The organization is open to all the city's past commanders.

Six large capital ships of the British navy are to be scrapped in accordance with the Washington naval agreement. They are the battlecruisers Lion and Princess Royal, and the battleship Orin, Monarch, Conqueror and Edin. All of them are among the most famous warships in the British navy.

Alexander E. Arch, of South Bend, Ind., who is distinguished as the American soldier to fire the first shot in the World War against Germany, recently entered the regular army. By special permission from the War Department Arch will return to his old regiment at Camp Dix, N. J., with the rank of sergeant.

Financial relief for veterans of the World War, dispensed thru the Veterans' Bureau is now the largest item of Federal Government expenditure. Approximately \$43,522,000 was dispensed to aid ex-soldiers during July. In the same month the War Department cost \$39,810,000, being the second largest.

In preparation for the fifty-sixth national encampment of the G. A. R. which is to be held September 24 to 29 at Des Moines, Ia., a questionnaire is to be sent out among Grand Army veterans to determine the youngest and oldest members. These heroes are to be feted and paraded during the encampment celebration.

More than 50 retired officers of the United States regular army, who have been on duty as military instructors in various high schools, colleges, universities and other institutions of learning thru out the country, were recently ordered out of active service by the War Department. This action was made necessary by the reduction in the army appropriation by Congress. Retired army officers receive full pay when on active service and three-fourths when inactive.

OBITUARY

Robison.

Martha Jane Robison, daughter of Ruth and Christopher Brunk, was born July 22nd, 1845, near Jacksonville, in the Ebenezer neighborhood, and departed this life at her home in Concord, September 13th, 1922, at 11:50 a. m.

She was united in marriage to Daniel Robison, November 2nd, 1870. To this union were born three children: Ruth Anna Robison, of near Meredosia; John C. Robison and Mary Rebecca Smith, of Concord.

Her husband was called from this life to the life beyond, May 19th, 1882, leaving his helpmate to journey alone the remainder of this life, caring for her three children, which for several years was a hard struggle.

She was a praying mother and her children can testify to the little prayers learned at her knee and by brave persistence and prayer.

She was able to keep her little home and children together until they grew to manhood and womanhood. In later years her children being raised, she could afford to take life easier and her children begged her to lay aside her work and take the rest she had so well earned, but being a woman of strong ambition she continued to do light work even after health had failed her.

After her conversion, early in life, she united with the Presbyterian church in Arenzville and since that time has been true to the faith or her conviction.

As a wife, she was kind, tender and loving; as a mother she was indulgent, yet judicious, training the lives given her into noble manhood and womanhood.

As a friend and neighbor she was true and faithful and ever extended a helping hand in sunshine and shadow as long as her health would permit. She was ever ready and willing to do a kindness for a friend and by her friends she will be greatly missed.

She is survived by her three children, eight grandchildren, and three great grand children; also one sister, Mrs. Mary Becker of Bement, Illinois, and three brothers, John and William Brunk of Virginia, Ill., and George Brunk of Concord, together with a large number of other relatives.

Such is the history of Grandma Robison, a long eventful life full of trials and hardships but consecrated to a purpose, the raising of her children in a God-fearing way that they might take their places among the honest toilers of the land and become good citizens of the land that gave them support.

Mourn not, weep not, for death has no power.

Tis not the going that is sad, Just the parting of the hour.

The funeral which was directed by C. E. Williamson, was held Friday, at 2:30 p. m., at the Concord M. E. church, services being in charge of the Rev. Thomas Symonds, of Rockbridge, Ill., a former pastor who preached an impressive sermon from John 19:27 "Behold Thy Mother."

The music was furnished by a double quartette composed of Mrs. Adelia Cooper, Mrs. Lou Hess, Mrs. Geo. Johnson, Alma Williamson, Elmer Smith, Bert Way, Edward Newton and Charles Bayless, who sang "God Will Take Care of You," "What a Friend we Have in Jesus" and "Jesus, Saviour, Pilot Me," with Mrs. Chris Kreuger at the piano.

The beautiful floral tributes were cared for by Mesdames Austin Smith, Abe Stone, Edward Smith and Chas. Bayless.

The pallbearers were P. R. Leonard, A. C. Valentine, F. C. Nickel, M. O. Smith, W. H. Williamson and J. C. Nickel.

Interment was in Concord cemetery.

Relatives from a distance were: J. W. Wells, Mr. and Mrs. George

White, Stewart Edward. On
Tiptoe; a romance of the Red-
woods. This is the latest novel
of this famous author and will
carry a strong appeal to all read-
ers who love the great out-doors.
A girl, her father a young man,
an English valet were traveling
de luxe in a high powered motor
car thru the redwood forest of
California and were overwhelmed
by a mountain storm. Gales,
deluge and lightning completed
their misery and frightened them
and they wandered four days and
four nights thru the depths of the
forest among the big trees that
not many travelers see, not know-
ing which direction to turn to get
back to civilization. They were
saved from a grim fate only by
the arrival of a youthful stranger
in a Ford! But the young man
happens to know the woods. Who
is this man of mystery who came
from nowhere? He leads them out
of the forest and the story is
thrilling from then on thru the
book. The story contains won-
derfully fine descriptions of the
huge redwood trees in California
and the reader will be carried
away with enthusiasm when read-
ing the book. Few men living
know the forests of California as
well as Stewart Edward White
does. He wrote also "The Silent
Places," "The Riverman," "Gold,"
"The Forest" and "The Blazed
Trail," and this newest book will
be equally as popular as his for-
mer ones were. All the romance,
adventure and mystery of the
deep woods keeps the reader on
"Tiptoe" from beginning to end
of this story. Men will especially
enjoy this book. Get it at the
Public Library.

McKeena, Stephen. The con-
fessions of a well-meaning wom-
an. A great deal has been writ-
ten and said in criticism of the
younger generation and the age
of flappers. But this author has
written a mordantly clever attack
on the older generation—the
match making mother, who wish-
es to secure a very "desirable"
marriage for her daughter. This
is as brilliant a bit of satiric char-
acter study as has appeared for
months. It is entertaining and
amusing certainly and a clever
study of the newest development
in London society, but prominent-
ly a picture, etched in acid, of a
type of woman we all know. This
author wrote also, "Sonia," and
"Sonia married." The education of
Eric Lane, Lady Lillith etc.
Those who enjoyed his other
books will want to read this also.
Get it at the Public Library.

Seltzer, Charles Allen. West.
This is decidedly a story of action
and color and conflict with a pre-
tly love theme wound thru the
book and a conclusion that will
please all readers. No author
has ever caught so alluringly the
spirit of the west and the
breadth of the plains nor portray-
ed so successfully the rugged men
and splendid women who live and
work there. When Josephine
Hamilton went West to visit her
friend, Betty, she took with her
certain treasured convictions
which she felt sure should govern
all human conduct. But the
ways of the wild region were not
in accordance with her ways, and
the people of that region had
firm opinions of their own. She
went to teach and she was taught.
"Satan Lattimer," ruthless, hand-
some, lawless, fascinating, who
deserved his nickname taught her
some things, and there are others
whom she learned many things.
She discovered that the ways of
the west are ways of necessity and
are not to be changed over night
to please the Eastern visitors.

AT THE CONGREGA-
TIONAL CHURCH

At the Congregational church
Sunday morning the audience
had the pleasure of hearing Rev.
L. A. Brenner, father of Mrs.
Stickney, pastor of the Methodist
Episcopal church at Chippewa
Falls, Wis. The Reverend gen-
tleman said he had heard much
about the beautiful wealth and
glories of Illinois in general and
of Jacksonville in particular, its
lovely streets, home like appear-
ance, charming shade trees and
many other features. Of the con-
gregational church he had also
had many pleasant things said
to him and now, after a visit and
close examination, like the Queen
of Sheba on her visit to King
Solomon, he could truthfully say
the half had not been told.

His sermon was a strong, up-
lifting effort. His theme was
helping up the unfortunate and
he took for his text the words of
Paul to the Romans, "We then
that are strong ought to bear the
infirmities of the weak and not
to please ourselves—for even
Christ pleased not Himself."

His address was a strong ap-
peal for Christian duty in imitat-
ing the Blessed Master in doing
good as we have opportunity. He
told in glowing words the need
on every hand of devoted fol-
lowers of the Master who are willing
to lay aside selfishness, pride and
ease and help the other man not
so well off as ourselves.

That is the genuine Christian-
ity and should be the aim of all
who profess to follow the meek
and lowly One who pleased not
Himself. At home, in various
parts of our own and on foreign
fields are countless opportunities
to exercise that virtue. Our Sa-
vior did all and endured all "For
the joy that was set before Him"
and in imitating Him our great-
est joy may be found.

Grace Church Doings

Grace Sunday school has just closed
a most successful year, the average
attendance having showed a very de-
cided increase over previous years.
Charles H. Hopper played a piano
solo. Several members of the school
who had visited other schools during
their vacations gave reports of their
visits. There were in attendance 291
and the offering amounted to \$1476.
October 1st will be observed as
Promotion Day and the following
Sunday will be Rally Day. These
promises to be great days in the
school.

At 10:45 the pastor preached upon
the theme, "The Call of Joshua."
Epworth League met at 6:30 with a
good attendance. "The Only Cure for
Strikes and Wars" was the theme of
the evening sermon by the pastor.
The choir under the direction of Prof.
Pearson, rendered music that was
thoroughly appreciated.

Sunday school workers council will
meet on Monday evening with a pic-
nic luncheon served at 6:15.

Tuesday evening Bishop Luther E.
Wilson will speak at a banquet to be
served by the women of the church.
Reservations in advance are neces-
sary.

The Home Missionary Society will
meet Wednesday afternoon at three
o'clock at the church. Group twelve
will be hostesses.

Mid-week prayer service on Wed-
nesday evening.

BURGO AT

SHILOH CHURCH

The big burgo supper will be
held at Shiloh church this even-
ing. Elaborate arrangements have
been made to entertain a large
number of persons and if good
weather remains on the calendar
there will doubtless be a big at-
tendance.

W. A. Shumaker and John Phil-
lips have been at the head of the
committee in charge of the affair
and every detail for the success of
the supper has been given consid-
eration. Richard Leake will have
charge of the making of the soup.

A hamburger stand will be in
charge of Mrs. Bess Phillips, Mrs.
Verng Hull and Mrs. Bert Moody.
The soup will be served by Elmer
Goveia, John Bourne and Leo
Bourne. Others who will serve
in various ways are listed below:

Collectors—Frank Dodswoth, Ed-
gar Mills, Everett Long.

Water committee—John Bourn,
Edgar Mills, Roy Gaines.

Supper committee—Russell McGee,
Eva Lee Hull, Mrs. Reat Moody.

Committee on preparation of tables
etc.—Lee Bourn, J. R. Black, J. W.
Black, C. T. Gaines, Cecil McGee, Wm.
Lindsay, Frank Dodswoth.

Cake cutters—Mrs. Luella McGee,
Miss Emma Dodswoth.

Table managers—Leila Bourne,
Florence Patterson, Flo Grady, Car-
rie Moody.

Bread cutters—Margaret Goveia,

GIANT WAR MOVES CAUSE WHEAT TO SOAR

By Associated Press.
CHICAGO, Sept. 18.—Soaring
prices and big buying in the
wheat market today accompanied
the word of giant war moves in
the part of Great Britain. The
value of wheat rose nearly six cents
a bushel but heavy selling to re-
lease profits led to a material
setback before the day ended.
Closing quotations were unsettled
at a net gain of 34 to 41, with
Dec. 1.05 1/2 to 1.05 3/4 and May
1.09 1/2 to 1.10. Corn finished 1c
to 5c up and oats up 1c to 3c.
In provisions the outcome varied
from 2 1/2c decline to a rise of 5c.

Excitement in the wheat pit
was a bit slow to become manifest
opening prices showing an up-
ward tendency but hardly more
than a routine difference from
Saturday's figures. Before half
an hour had elapsed hundreds of
brokers were wildly bidding and
the advance of prices was hor-
rific. The sensational reports that
the entire British Atlantic
fleet was on the way to Constan-
tinople and that arms factories in
Great Britain would work day
and night at full capacity stirred
up wave after wave of buying
orders for wheat, and altho the
market swung backward at times
the top figures were little dis-
counted until the final hour of
the day.

One of the foremost speculators
in wheat was said to have changed
his position from the selling to
the buying side as a result of the
warlike developments in progress.
The fact that for the first time
in the last few days the
Winnipeg and Liverpool markets
were partially advancing tended
further to accelerate the swift-
ness of the upturn.

Late dealers thought the British
fleet would go to the Mediter-
ranean and European buying had
greatly expanded were more or
less effective in relieving the mar-
ket after midday. Announcement
of a small increase of the United
States supply was also of some
moment in rendering the market
less one sided during transactions
at the last.

Corn and oats showed sym-
pathy with the wheat advance, but
only to a limited extent. The chief
reason of the relative slowness
was that shipping demand for
corn was less brisk than of late
and that receipts of corn here
were heavy.

Provisions were governed by
the action of the high market.

CASH WHEAT IN GOOD DEMAND

By Associated Press.
CHICAGO, Sept. 18.—Wheat in
the cash market was in good
demand today the offerings con-
tinue light. Prices followed the
futures most of the day and
prices at the close were 46 1/2c
higher. Premiums were firm on
all grades, with hard wheat show-
ing unchanged basis to 1c bet-
ter. No shipping sales were re-
ported. The seaboard reported
400,000 bushels worked for
Europe.

Corn was in good demand, with
prices 1c better at the close. Ship-
ping sales were 120,000 bushels
including 50,000 bushels to ex-
porters. Trading basis were un-
changed to 1c lower for contract
grades and unchanged to half
cent better for off grades. Cash
oats was in fair demand with

MURRAYVILLE WINS FROM WINCHESTER

Take Hard Fought Game 7 to 5—Both Teams Hit Ball Hard—Doyle's Terrific Drive in Ninth Brings Home the Bacon.

WINCHESTER, Sept. 18.—Murrayville defeated Winchester here yesterday in a hard fought and exciting game by a score of 7 to 5. The game was witnessed by one of the largest crowds of that ever attended a game in this city.

There was a large crowd of rooters from Murrayville and fans also were present from Roadhouse, Jacksonville, Alsey, Wrightsville, White Hall, Chapin, Bluffs and other places. Winchester had won nine straight games prior to the game yesterday. Both teams were loaded up for the occasion.

Murrayville had Dale an extraordinary hurler while Strum of the Decatur Three Eye league team was on the rubber for Winchester. Fans naturally expected to see a pitchers' battle. It was anything but that. The members of both teams when they hit the ball hit it hard and far away owing to the terrific speed of the pitchers. Both were invincible at times and then the batters seemed to solve their delivery for hits.

Two freak home runs were made by Winchester, the ball bouncing over the head of Wright in one instance and over Doyle's head at another time. The hitting of Cecil Baujan was easily the feature of the game. He got two solid smashes each for three bases.

Murrayville got eight hits and Winchester, seven. The main cause of Strum's defeat was his support which was ragged. This Winchester team made seven errors while only one was chalked up against Murrayville.

The break of the game came in the ninth. With the score tied, H. Ford singled. R. Ford struck out. Warren Wright batting for Ruble laid a perfect bunt down the third base line sending H. Ford to second. Doyle with two strikes on him hit a terrific line drive over first sending H. Ford home. Montgomery played for Doyle at second and overthrew the bag and Doyle came clear home. The score:

WOMEN'S HANDICAP TOURNEY SATURDAY

Committee Plans for Play on That Day—J. T. Walbridge Mins Men's Tourney.

This will be a medal or stroke tournament and the rules governing medal play will apply. A prize will be given for low gross and one for the low net score.

Saturday was selected by the committee so that the ladies might have caddies as the boys are unable to caddy thru the week on account of school. It is requested that as many as possible play Saturday morning as the course will be crowded in the afternoon.

Anyone desiring to enter who did not play in the Women's Flag Tournament should hand in her five best scores made this season, to the tournament committee.

Walbridge Wins Flag Tourney
J. T. Walbridge won the honors in the Municipal Golf Club Tombstone and Flag Contest, which ended Monday. The tournament proved a popular drawing card. There were 113 entries.

Walbridge succeeded in playing around nine holes with the allotted number of strokes allowed him and was in the neighborhood of the second green when he expired.

As has been announced the tournament was for handicap data for the playing of the open handicap for both men and women, which is to be held during October.

FAREWELL SERVICE FOR REV. R. H. HACKLEY

Sunday afternoon a large audience gathered to unite in farewell service for Rev. R. H. Hackley, pastor of Bethel A. M. E. church who has closed his conference year with the people and is to go to Quincy today to attend the annual conference and receive his appointment for another year. The service was a union affair. Rev. H. DeWitte, pastor of the Second Baptist church, Rev. W. H. Snowden, pastor of Mt. Emory Baptist church and Rev. Mr. Todd, pastor of McCabe M. E. church being present with a goodly number of their people.

John W. Kirk presided and with suitable remarks regarding the beloved pastor to whom from them soon he introduced the various speakers, sensibly limiting them to five minutes each. S. W. Nichols, for nearly sixty years associated with the Sunday school was first called on and then each spoke of the visiting minister in succession added his offering to the occasion. All spoke in kindly and eulogistic terms of the good man they had come to honor and all expressed an ardent hope that he would be returned.

Mr. Hackley modestly received all that had been said and declined to admit any special praise being due for he had simply tried to do his duty as a faithful servant of his Master. He loved the people, the work and all that pertained to it and prayed for the best blessings on the people.

The music by the choir was especially fine and added to the occasion. A generous collection for conference dollar money closed the exercises.

COURT OF HONOR TRAMP ON INDEES

Defeated Locals by Score of 12 to 8—Score Should Have Been 2 to 1 in Favor of Indies With the Playing Perfect.

That was an awful exhibition that the Indies gave in the game with the Court of Honor team at South Side Park Sunday afternoon. The final score was 12 to 8 in favor of the visitors. With perfect playing the score would have been 2 to 1 in favor of the Indies.

There was more good and bad playing displayed in the ten innings of baseball than we have seen in the last decade. At one instant the Indies looked like the New York Giants and in the next they looked like Connie Mack's Athletics of the last few years.

More solid ivory was shown in two hours and ten minutes of pastime than one usually sees in a whole season. The local's "doppers" were down when they started and they were down when they quit. If fact they quit before the game was over.

Kohloff kept up his "pep" until the last man was out. Harry Clark had considerable to start with but he lost his also. The Indies infield played a sterling game, putting across two fast double plays.

Fryman pitched a fair game. One minute he looked like Christy Mathewson in his palmist days. Then he suddenly changed and pitched as the he had never seen a baseball. He struck out seventeen men during the afternoon, retiring Olive on three pitched balls at the beginning of the tenth. But he walked six men and hit one. Five of the walks and the hit batter turned into runs.

The Court of Honor scored three runs in the first and one in the second and it looked like curtains. The locals got two in the fourth but the Court of Honor counted one in the sixth. This the locals got back but when the visitors scored two more in the eighth, making the score 7 to 4, it looked like the story was told.

But the Indies showed real baseball spirit and came back in their half with four runs tying the score and sending Welch to the showers. Dove took up the burden and was greeted with a single by Jones scoring the last run.

The visitors were blanked in the ninth and right here the game should have ended. With one down Fryman doubled to center. He tried to stretch the hit into a triple and was thrown out at third.

Then came the terrible ninth and the nightmarer when the visiting team scored five runs off one hit. Zowie! get the hook. How it looks tabulated.

TY COBB MAKES HIS 200TH HIT
Detroit, Mich., Sept. 18.—Ty Cobb made his 200th hit of the season in the fourth inning of today's game with Washington. It was a triple, with one man on.

With that hit, the Detroit manager completed eight seasons in which he has clouted 200 or more safeties.

His record equals that made years ago by "Wee Willie" Keeler. Keeler's record was made in consecutive seasons.

BROWNS LET YANKS NOSE THEM OUT 3-2

Hold Lead 2 to 1 in Ninth When Errors Allow Yankees to Score Two Runs—Sisler's Ritting Streak Stopped by Bush.

ST. LOUIS, Mo., Sept. 18.—After holding a lead on New York the Browns permitted the Yankees to come from behind in the last inning and take today's game, 3 to 2, thus increasing New York's lead to one and one-half games. The Browns' four errors figured in the visitor's there runs.

Up was the pitchers' battle with Davis of the Browns getting the best of his battle with Bush. He weakened in the ninth and the Yanks took advantage of two hits and an error, and secured the tying and winning runs.

The Browns scored the first run in the first inning on Jacobson's double, McManus' single and Severid's sacrifice fly and added another in the seventh on Williams' double, Jacobson's sacrifice and McManus' double.

The Huguen made their first run in the eighth when Dugan who had doubled, raced home as McManus threw over Sisler's head on Pipp's infield single. The tying and winning tallies came in the last inning.

Schang reached first base on an infield hit and went to second on a passed ball. Smith was sent to bat for Ward but was removed in favor of McNally when Pruett relieved Davis. McNally attempting to sacrifice went to first as Severid threw low to catch Schang on third. Scott walked and Shocker relieved Pruett.

Bush forced Schang at the plate. Witt's single brought in McNally and Scott. Dugan hit into a double play ending the rally.

By taking today's game the visitors also took the series. The Browns' only victory of this crucial series was due to Pruett's pitching in Sunday's game.

In today's game safe hits were few on both sides, New York getting six, one more than the Browns. Bush had a better defense as his team mates played an errorless game, while the Browns made four errors, which figured in the three New York tallies.

Sisler broke his string of hitting in consecutive games after getting at least one hit in 41 consecutive games, thus establishing a new modern major league record.

Altho the Browns are scheduled to meet the weaker teams of the league while the leaders will play Detroit and Cleveland, it is generally believed unlikely that the Yankees will lose their lead of one and a half games.

CUBS TAKE THREE OUT OF FOUR FROM DODGERS

Vance Had Won Five Straight Games from Cubs—Two Recruits Tried Out by Chicago.

BROOKLYN, Sept. 18.—Chicago made it three out of four in the series and an even break with Brooklyn on the season's 22 games by staging a ninth inning rally and winning 4 to 3. Cheever was the winning pitcher altho he worked only in the ninth and had a run scored off him on two hits and an error. Vance had won five straight from Chicago. Earl Adams from Wichita, Texas, played second base for the Chicago and Howard Fitzgerald from Amarillo, Texas, played right.
